COMFORT & PEACE OF MIND

We understand that each individual's recovery time is personal and needs to be handled as an individualized experience. When facing a discharge from a hospital, a skilled nursing or rehabilitation center, you may be confronted with medical insurance providers limiting authorization for services. This may spark some apprehension, causing you to feel not quite ready to actually go home just yet.

Palmstown Manor is pleased to introduce the ***Bridge to Recovery*** for individuals wishing to take an extra step to ensure their path toward recovery and independence remains on course. With a respite admission into our personal care neighborhood, you will receive the continued medical care essential to assist you with your steps to regain and maintain your health and return home safely.

Palmstown Manor offers care tailored specifically to **YOUR** needs. Each resident and their family members are respected as participants with developing a transition plan for life after discharge.

BENEFITS WITH A *Bridge to Recovery* RESPITE STAY

- A choice for an extra step to sustain your recovery
- Reduce any possible hospital readmissions
- Expanded daily support that surpasses the limited hours which home health can provide
- 24-hour support services
- Peace of mind knowing there is around the clock care with medical care partners
- An opportunity to safeguard that your home can accommodate your needs
- Granting ample time necessary for medical equipment to be in place before you return home

AND FOR AN ADDITIONAL PEACE OF MIND.....

A respite stay to bridge **YOUR** recovery will provide a continuation of coordinated care with services tailored to fit your specific pathway toward a sustainable recovery.

Palmstown Manor's personal care neighborhood offers a relaxed, friendly atmosphere where independence thrives. Our devoted staff will provide you and your family alike with a peace of mind knowing that assistance is close at hand. Our amenities include:

- Private suite with walk-in shower
- Secure, safe accommodations
- 24-hour caregiving staff
- Emergency response system
- Availability of on-site physical, occupational and speech therapy services
- Life enriching and engaging activities
- Multiple common areas for entertaining
- Three delicious restaurant-style meals and snacks
- Medication administration
- Daily housekeeping and laundry services
- Transportation to medical appointments, if needed
- Individualized heating and air conditioning
- On-site beauty / barber salon
- Seamless discharge planning
